Software Engineer

Front-end development| HTML, CSS, JavaScript | React.Js | TypesScript

https://github.com/MarkosComK

I am a creative front-en developer who is passionate about art, technology, and music. My studies in programming began a few years ago, and since then, I have ventured into all aspects related to it - from computer assembly and maintenance to programming. Along the way, I discovered that programming allows me to use my creativity and intuition to create impressive projects.

PROJECTS

Personal Portfolio - https://markoscomk.netlify.app/
